

Leadership Citizenship Points

As part of your assessment for Leadership, you are required to document the positive impact you make at Caroline school and in our local community. It is important to practice your leadership skills on a daily basis. Therefore 20% of your leadership mark will be based on your leadership INVOLVEMENT. You are required to keep an up to date record of your leadership activities and their point value. You must have your involvement VERIFIED. You will be marked out of 20 so each point is worth 1% of your final grade.

Point Value

The following are suggested ways you can earn points. You may develop other activities or areas of interest to earn points - See Ms. Collison first for items not listed below. Activities performed during work experience cannot count for citizenship points.
