

Final Exploration Assignment

After exploring the various texts in this unit your task is to:

- a) Write a piece of prose which explores the following topic:

Discuss the idea(s) developed by the text creator in your chosen text about the significance of perspective in an individual's life and/or in society as a whole.

- b) Create a visual text which answers the above topic. This can be in any format but here are some suggestions:

- i. Mash-up
- ii. Poster or diagram
- iii. Sculpture
- iv. Diorama
- v. Film (be careful here because the visual elements need to be paramount)

The purpose of this unit is to, therefore, explore as many different ideas about perspective as possible so that you may get a clear image in your head about what it means. Your visual will essentially show the audience YOUR definition of perspective. This isn't easy and requires a great deal of thought...that's why you are getting this topic at the beginning of the unit. It will allow you to take notes, jot down ideas and explore topics with family, friends and your teachers. Use ALL available resources so that you may create a final product which will display best what you have learned in this unit.
